

Corporate Risk Management Summary

Report of the Chief Fire Officer

For further information about this report please contact John Redmond, Chief Fire Officer, on 01743 260201 or Ged Edwards, Planning, Performance and Communications Manager, on 01743 260208.

1 Purpose of Report

This is the latest of the regular risk summary reports to the Strategy and Resources Committee. The progress reported relates to that achieved since the last Committee update in July 2015.

2 Recommendations

The Committee is asked to note the report.

3 Background

Members will be aware that this Committee's Terms of Reference include that it will:

'ensure that the financial management of the Fire Authority is adequate and effective and includes a sound system of internal control and arrangements for the management of risk'.

In order to meet these responsibilities it is necessary for the Committee to receive regular risk summary reports. This report provides Members with information relating to the progress made with the Fire Authority's corporate risk management processes during the period July to August 2015.

4 Risk Management Process

This section documents all events that have led to the current status with the Authority's corporate risk management system.

July 2015

At the July meeting of the Audit and Performance Management Committee, Members noted the progress made on the 2014/15 Improvement Plan; agreed to close the 2014/15 Improvement Plan, carrying forward any outstanding issues to the 2015/16 Improvement Plan; and agreed the Annual Governance Statement and 2015/16 Improvement Plan for inclusion in the 2014/15 Statement of Accounts.

The Corporate Risk (ID 7), which identified that improvements were needed to the process and system for providing risk information to mobile data terminals on appliances, was updated to highlight the resourcing issues being experienced by the developers. It was noted that these would affect the timescales for delivery of a solution. As an interim measure, in-house staff will ensure that the updates are applied on all mobile data terminals.

5 Financial Implications

There are no financial implications arising from this report.

6 Legal Comment

There are no legal implications arising from this report.

7 Initial Impact Assessment

This report contains merely statements of fact / historical data. An Initial Impact Assessment is not, therefore, required.

8 Equality Impact Assessment

There are no equality or diversity implications arising from this report. An Equality Impact Assessment is not, therefore, required.

9 Appendix

Corporate Risk Register

10 Background Papers

There are no background papers associated with this report.
