

Adequacy of Reserves and Robustness of Budget

Report of the Treasurer

For further information about this report please contact James Walton, Treasurer, on 01743 255011 or Joanne Coadey, Head of Finance, on 01743 260215.

1 Purpose of Report

This report undertakes a full analysis of reserves, provides an assurance on the adequacy of reserves, and gives an assurance on the robustness of the budget.

2 Recommendations

The Committee is asked to recommend to the Fire Authority:

- i) The reserves as set out in the appendix to the report; and
- ii) The Treasurer's assurances covering the robustness of the 2016/17 budget and adequacy of its reserves.

3 Background

The Chief Finance Officer is required, under section 25 of the Local Government Act 2003, to report on the robustness of estimates and adequacy of reserves.

This is also linked to the requirement of the Prudential Code that authorities should have full regard to affordability, when making recommendations about future capital programmes.

The Chartered Institute of Public Finance and Accountancy (CIPFA) has issued a Guidance Note on Local Authority reserves and balances (LAAP Bulletin 99), which is reflected in this report. The Bulletin states that it is contrary to the freedoms of local authorities for an external body to impose general minimum or maximum levels of reserves, as there is a broad range, within which authorities might reasonably operate.

Whilst it is primarily the responsibility of the local authority and its chief financial officer to maintain a sound financial position, external auditors will confirm that there are no material uncertainties about going concern. Even where as part of their wider role auditors have to report on an authority's financial position, it is not their responsibility to prescribe an optimum or minimum level of reserves for individual authorities, or authorities in general.

4 Overview of the Reserves Strategy

The Fire Authority has set out its financial strategy to 2019/20 in its Service Plan, and its reserves policy is an integral part of this Plan.

CIPFA state that when reviewing their medium term financial plans and preparing their annual budgets, local authorities should consider the establishment and maintenance of reserves. These can be held for three main purposes:

- A working balance to help cushion the impact of uneven cash flows and avoid unnecessary temporary borrowing – this forms part of general reserves
- A contingency to cushion the impact of unexpected events and emergencies – this also forms part of general reserves
- A means of building up funds, often referred to as earmarked reserves, to meet known or predicted requirements; earmarked reserves are accounted for separately but remain legally part of the General Fund.

5 Reserves held by the Authority

A schedule of the reserves currently held by the Authority is attached as an appendix to this report. This schedule states the purpose of each reserve, and also demonstrates possible uses of the funds over the planning period, reflecting the risks and uncertainties identified by the Authority.

6 Adequacy of Reserves

The reserves have not been unexpectedly reduced from last year, when an assurance was given of their adequacy; in fact there have been increases following year end closedown. Officers continue to give due consideration to existing risks to the Authority, when reviewing levels of reserves, and a continued assurance can be given that every effort has been made to ensure that reserves are adequate. In addition, future reviews should consider the future need and use of reserves, and adjustments made accordingly.

7 Robustness of Estimates

Given that reserves are adequate, your Treasurer believes that the budget is robust for 2016/17 in respect of the process to minimise errors and omissions, the level set aside for future pay and price increases, and other budgetary pressures.

Future Years

Although the assurances required under statute are for the coming year only, there is uncertainty following the change in the government department taking responsibility for Fire. The Authority's medium term planning has been based on the provisional Local Government Finance Settlement, published by the Department of Communities and Local Government in December 2015. However, this will be amended when more information becomes available about the intentions of the Home Office in relation to funding for the Fire sector.

8 Financial Implications

The financial implications are outlined within this report.

9 Legal Comment

The Treasurer is obliged, under the Local Government Act 2003, to give the assurances set out in this report.

10 Initial Impact Assessment

An Initial Impact Assessment form has been completed.

11 Equality Impact Assessment

Officers have considered the Service's Brigade Order on Equality Impact Assessments (Human Resources 5 Part 2) and have decided that there are no discriminatory practices or differential impacts upon specific groups arising from this report. An Initial Equality Impact Assessment is not, therefore, required.

12 Appendix

Analysis of Reserves

13 Background Papers

There are no background papers associated with this report.

	15/16	16/17	17/18	18/19	19/20	Comments	
Reserves Analysis 15/16 to 19/20	£000	£000	£000	£000	£000		
A working balance to help cushion the impact of uneven cash flows and avoid unnecessary temporary borrowing	Pension Liabilities Reserve					To meet one off contributions required into the Pensions Account for ill health retirements	
	Apr-15	1,755	1,755	1,635	1,395		1,035
	Ill health pension charge 1516						
	Ill health pension charge 1617		-120	-120	-120		
	Ill health pension charge 1718			-120	-120		-120
	Ill health pension charge 1819				-120		-120
	Ill health pension charge 1920						-120
	Mar	1,755	1,635	1,395	1,035	675	
	ICT Reserve						Set up to ensure that ICT improvements and resilience issues are managed and funded in a clear and consistent manner. Expenditure here may be irregular and may cover emergency issues or planned projects
	Apr	1,183	1,183	983	683	683	
	Contribution from revenue		200	300			
	Mar	1,183	983	683	683	683	
	Operational Equipment Reserve						Set up to support revenue budgets in this area; large items of expenditure or new items of equipment could be funded from this reserve
