## **5 Introduction of Continual Professional Development Payments**

Members received the National Joint Council for Local Authority Fire and Rescue Services Circular NJC/2/06, which advised them of the current position on the introduction of continual professional development payments.

The National Joint Council for Local Authority Fire and Rescue Services Circular NJC/5/06, which provides an update to Circular NJC/5/06, was tabled to the Committee (a copy of which is attached to the signed minutes).

The Assistant Chief Officer explained that long service payments were to be phased out and replaced by Continual Professional Development (CPD) payments. The phasing out was to start on 1 July 2006, however work on the process would not be completed by the agreed date and the start date had been deferred to 1 October 2006.

Councillor Davies asked how the phasing out period would be structured. The Assistant Chief Officer explained that payments would be reduced by 50% from 1 October 2006 to 30 June 2007. After this date, they should then be reduced to 0%.

Councillor Drummond asked if professional development was mandatory for firefighters. The Assistant Chief Officer explained that, in the past, professional development had been mandatory but that recent changes encouraged a more rounded approach and took into account extra responsibilities and work that firefighters may undertake. It had also been recognised that long service payments could be discriminatory to female employees, whose service could be affected by issues such as childcare. The CPD payments provide equal access to all employees.

Members asked what guidelines there were relating to the CPD payments. As yet, no guidelines have been published but the National Joint Council's working party is working on them.

**Resolved:** *that the circular be noted*
